

There are some issues with IE 10 and asp.net buttons. Working on site wide fix but for now, the following seems to work as a temporary fix. If not Please try using Google Chrome or Firefox web browsers

### To change Compatibility View settings

1. Open Internet Explorer, Go to [www.general-trading.com](http://www.general-trading.com)
2. Press the Alt key to display the Menu bar (or press and hold the Address bar and then select **Menu bar**).
3. Tap or click **Tools**, and then tap or click **Compatibility View settings**.
4. Add GT website as below.
